

PLEASE POST

TA SURFACE ELECTION NOTICE

Generally, the Local 100 Elections Rules discourage use of employer or union facilities as part of a candidate's campaign. This means facsimile machines, copiers, union-issued cellphones, membership lists, and bulletin boards. Although the Election Committee would prefer that bulletin boards not be used, if they are used they must be open to all candidates. A Depot Chair should not post a Stand United campaign flyer unless they also post an opposition flyer—and vice versa.

If a union bulletin board only has a flyer from one slate, we will recommend that that flyer be removed, and that opposing candidates have sole access to the bulletin board to remedy the violation.
