Vice Chair(A Division)

Demetrius Goody
Vice Chair(B Division)

Cleveland Manley
Vice Chair(B Division)

Eddie Dos Santos
Recording Secretary

TA Initiates a System Wide “Efficiency” Review on All Lines

TA System Safety has launched a full-court press to test the efficiency of crews in following all safety protocols. This is not a benign review. System Safety will be writing up T/O's and C/R's who do not follow School Car Rules to the letter.

System Safety will be:

- Checking Train Speeds
- Blacking out signals, and monitoring the Train Operator's protocols.
- Covering up Conductor Boards, and monitoring Conductor's reactions.

System Safety started the campaign on the 7 line.
But it will be coming to your line soon.

Do not open yourself to discipline.
Protect yourself! Protect your job!
Always operate to School Car Rules.
