## **GCS Workers - Know the Facts**

People opposed to TWU Local 100 have been handing out a flyer (reprinted at right) regarding phony Unfair Labor Practice charges filed with the NLRB against TWU by former employees (and in some cases, former Local 100 Section officers) of First Transit.

## Here's what they are not telling you.

The NLRB dismissed the case because it lacked merit. In other words, it was bogus.

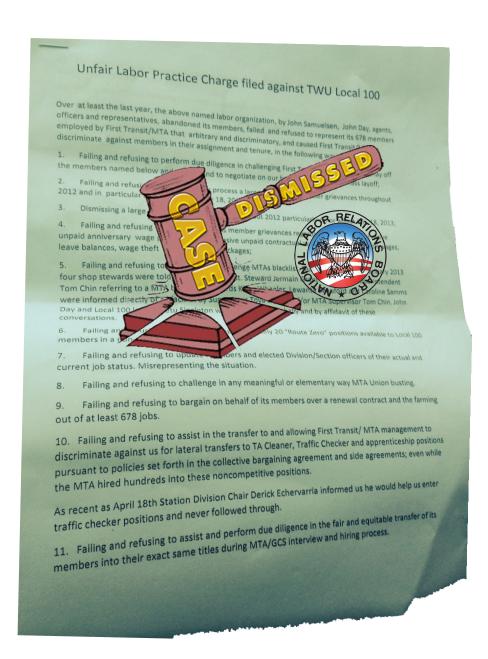

In late 2012, TWU Local 100 fought vigorously against the MTA's decision to put the call center work out to bid at the end of the First Transit contract.

Unfortunately, the people who are now attacking Local 100 with this new literature, are the same ones who decided to attack the union in 2012 instead of the real enemy - the MTA - during the First Transit battle.

When you attack your own union, the boss gets stronger.

Do you need these kind of people representing you?

That's what you'll get if you vote for Local 322 or Local 621. Gutless individuals who would rather attack their own union than the boss.
