Earl Phillips  
Secretary-Treasurer  
TWU Local 100  
1700 Broadway  
New York, NY 10019

Dear Mr. Philips,

The ballot count in the mail ballot election for officers of TWU Local 100 was held on December 7, 2012 at the offices of the American Arbitration Association at 1633 Broadway, New York, New York. A recount of several races was held on December 17, 2012. Various objections were filed to the certification of the results of the election. Pursuant to my authority as Neutral Monitor, appointed by TWU Local 100 under the Election Rules approved by the Executive Board, I have issued decisions regarding these objections.

I certify that the election was fairly conducted in accordance with the Election Rules of Local 100, all eligible voters were given an opportunity to vote, the tally was fairly and accurately conducted, and the results are as certified by the American Arbitration Association following the recount on December 17, 2012. All races are certified except for TA Surface Operators Convention Delegate, in which two candidates—Cathy Davis-Baker (Stand United Slate) and Stephen Campbell (Transport Workers United Slate)--are tied for the last delegate position and for the first alternate position. In the absence of an agreement between the slates as to a resolution of the tie, a rerun will have to be held for that race.

Thank you for the opportunity to be of assistance to Local 100.

Respectfully submitted,

Barbara C. Deinhardt  
Neutral Monitor
