

Transport Workers Union Local 100 Managed Care Plan

Plan Upgrades

It is our pleasure to provide you with Dental Benefits through TWU Local 100. This document outlines your Managed Care Plan enhancements:

COVERED SERVICES

- Tooth colored fillings on molars.
NO COPAY.
- Porcelain coverage on molar crowns.
NO COPAY.
- Sealants payable for dependent children age 16 and older if medical diagnosis confirms a physical or developmental disability. NO COPAY.
- Fixed Bridgework approved instead of removable partial denture for members under age 40. NO COPAY.
- Occlusal Guard – Payable when vertical dimension is decreased significantly either via loss of teeth or parafunction. Submission of diagnostic tools include: mounted study casts; full set of facial and intraoral photographs; a consultation report of jaw evaluation from specialist.
- Splinting - If periodontal disease or tooth mobility is present.
- Anesthesia - In a participating provider site.
- Crown Lengthening.
- In addition to orthodontia coverage for Class II and III cases, Class I orthodontia cases will be covered as follows:
 - Anterior or posterior crossbite.
 - Impaction of any tooth (not including 3rd molars).
 - Severe crowding of lower anterior teeth with impingement on the palate. Severe deep bite resulting in severe protrusion and/or spacing of upper anterior teeth.
 - Ectopic eruption of a tooth that does not require extraction and interferes with function.
 - Severe rotation of upper incisors.
Note; other exclusions apply. Precertification is recommended prior to commencement of orthodontia treatment.
- Local delivery of antimicrobial agents to include: Atridox, Antibiotics, Steroids, other drugs. *Payable to certified periodontists only.*
- Orthodontia covered to age 26 as long as patient has been fully banded prior to age 23.

PLAN ENHANCEMENT FOR DEPENDENT CHILDREN

Student verification is no longer required for dates of service after March 1, 2017. Dependent children are now covered up to their 26th birthday.
