Director's Letter

My Fellow Retirees . . .

Medicare Part B Reimbursements

I don't mean to come off like the proverbial broken record, but the Medicare Part B issue is driving me nuts!! I just got a listing from management of over 4,400 retirees on Medicare who are entitled to an annual reimbursement and they are not getting it.

WHY, because they didn't claim it! You will only get it if you claim it. And according to the Retiree Summary Plan Description, if you fail to claim it in a timely fashion, you can only go back 2 years. In other words, you will lose the remainder. We are doing what we can to reach out to retirees to make them aware of the issue, but unfortunately many have not updated their contact information and we have not been able to reach out to them. Another aspect of the Medicare Part B reimbursement is that the level of reimbursement is based on the plan you select. The minimum reimbursement is \$297.60, and the maximum is 100% (currently \$1,608 for member or \$3,216 for member and spouse)

Review the comparison chart in this edition to compare the Medicare plans if you are interested in changing plans.

NOTE: Aetna Option 1 and Option 2 affords New York residents the free DMO dental plan as part of their medical plan.

Aetna Option 1 and Options 2 also affords all members, in any state, the Silver Sneakers card that allows you to go to a gym to exercise as part of the wellness program.

The open enrollment period is normally the month of November, so if you are considering a change you must call The MTA Business Service Center at 646-376-0123 to get the appropriate forms.

A Message From the TWU Local 100 Retirees' Association

Are You Entitled to a Reimbursement For Medicare Part B ?

**Retirees on Medicare must be enrolled in Part B.
The current cost of Part B is \$134.00 monthly.
This is deducted from your Social Security Check.**

**As a TA/OA/MTA Bus Retiree, YOU ARE ENTITLED TO REIMBURSEMENT.
The amount of reimbursement depends on the Medical Plan that you select:**

Aetna CPPO II Basic	→	\$297.60 Annual Reimbursement
Aetna Option 1	→	\$297.60 Annual Reimbursement
Aetna Option 2	→	\$1,608.00 Annual Reimbursement

(Spouse on Medicare is reimbursed \$1,608.00 as well.)

Medicare Part B Reimbursement *Don't Miss Out!*

Tier-4 Disability Retirees: Military Credit: Are You Getting a Benefit?

**By Norman Rosenfeld
Pension Consultant**

Section 1000(8) of Article 20 of the Retirement and Social Security Law states in part "... amounts paid by the member for the purchase of military service credit pursuant to this section shall be refunded, with interest to the extent the military service purchased with such amounts does not produce a greater retirement allowance than would have been payable had the member not purchased such credit." The above situation would most likely happen if a member purchased military service, got hurt on the job, or became sick and had to retire under a disability pension.

Under a disability pension in Tier-4, if you have less than 20 years of service, you would receive 1/3 of your Final Average Salary (3 years average) (F.A.S.). Whether you have 2 years, 12 years or 20 years you get 1/3, over 20 years, you get an additional 1 2/3 percent for each year over 20.

The point is this: if you have for example 15 years and you purchased 3 years military service, whether you have 15 or 18 years, you only get 1/3 of your FAS. Therefore, under the above section of the law, since you did not receive a benefit for the additional 3 years of military service, the Retirement System should've refunded the money paid for the military buyback plus interest.

Please keep in mind that if you retired on a disability retirement with less than 10 years, your disability must have been due to an accident on the job. If you did not have an accident and you purchased military service that put you over 10 years, then only the portion applicable to the service over 10 years should've been refunded.

Also, if your military purchase put you over 20 years, you are also getting a somewhat larger benefit and are not entitled to any refund.

Any disability retiree who thinks they didn't get a benefit for their military service buyback should contact their respective Retirement System either NYCERS at 347-643-3000 or MaBSTOA at 646-376-0123.

October 4, 2018 - TWU Local 100 Union Hall

Retirees Pack Annual General Membership Meeting

Photos above and below show the SRO crowd that turned out for the annual TWU Local 100 Retirees Association General Membership Meeting. Numerous guest speakers presented important information regarding benefits and other topics of interest.

Election Results Should Stall Efforts To Cut Elder Benefits

The 2018 midterm elections mean big changes are coming to Washington. When the 116th Congress convenes in January, it will be a divided one. Republicans will continue to control the Senate, but Democrats will have a majority in the House of Representatives for the first time in eight years.

That's good news in the fight to halt efforts to cut vital benefits for older Americans.

With split-party control, any legislation will require bipartisan support in order to pass. The need for such consensus greatly decreases the likelihood that radical, disruptive bills will reach the President's desk in the coming years, and effectively eliminates the acute threats to Medicare, Medicaid, Social Security and the Affordable Care Act (ACA).

According to exit polls, 56 percent of the electorate was comprised of voters over 50. The exit polls showed that health care was a main issue on

voters' minds this year. Older voters crossed traditional party lines to vote for candidates who supported retirement security and health care.

Senate Majority Leader Mitch McConnell had said he would try again to repeal the Affordable Care Act after the elections, but Democrats' winning the House essentially kills this threat. McConnell had also announced that he would seek cuts to Social Security, Medicare, and Medicaid to pay for the deficit created by the 2017 tax cut, a notion voters soundly rejected.

One in Three Americans Aged 58 Have Zero Retirement Savings

More than one-third of baby boomers had no money saved for retirement at age 58, according to a new report from Stanford University. On average, they're more than \$110,000 in the red, a burden more than 50% higher than the amount carried by people born in the 1930s.

A third of people over 65 are still pay-

ing off a mortgage, and more than 2.8 million people over 60 are straddled with student debt. Health care costs have skyrocketed for older Americans, amounting to 40% of the average Social Security income in 2013.

Such a large number of older workers retiring while unprepared financially could have drastic consequences for the generation and society as a whole. Running out of financial resources near the end of life could force seniors to rely on their children, exacerbating the problem for generations to come. Many workers try to work longer in order to make up for the savings gap, but some are forced into retirement due to other factors such as health considerations or age discrimination.

"As our leaders strive to expand Social Security, we must strengthen and protect our existing benefits so that the burden of saving for retirement isn't so cumbersome," said Alliance President Robert Roach, Jr. "We must also fully fund pension plans.

LETTERS to the DIRECTOR

Thank you for your Service to America

EDITOR'S NOTE: *We received this letter to late to publish along with our many other entries from our retirees who served in the U.S. Military before joining transit. So we're making up for it here.*

Dear Fellow Retirees:

I volunteered for the Air Force at 17 with my father's consent. I served on active duty from 1954-1957 and was Honorably discharged in 1962. I joined

NYCT in 1967 as a Bus Operator out of Flatbush Depot and retired in 1987. Thanks for the memories.

Geno Mercado
Victorville, CA

Apologies to the U.S. Coast Guard

In our last edition of the Senior Buzz, we highlighted retirees who served in the military then and now. We received a great response from vets

of all the services. BUT, in our copy accompanying the piece, we neglected to mention the US Coast Guard.

Thankfully, we have been schooled on the Coast Guard by veteran Mike Healy from San Antonio, TX. Here's Mike's response to our piece.

Dear Mike (Tutrone):

A quick history lesson. What is the United States premier maritime service? The US Coast Guard. Yes, the Coast Guard. The Coast Guard began

in 1716 as a life saving service but easily adapted to combat situations. During World War II the Coast Guard served valiantly. On Guadalcanal, the 2nd marine Division was pinned down by an overwhelming enemy force. A coast Guard Petty officer named Douglas Munro heard about it. Munro, in charge of 14 Higgins Boats, led this small armada to the beach to get the Marine, including 25 wounded, to safety. Of course this operation was conducted under heavy fire. Signalman First Class Munro was successful in getting the Marines off the beach but was killed in the action. For his extraordinary gallantry, Munro was posthumously awarded the Congressional Medal of Honor.

Meanwhile the Coast Guard was doing its bit in the European Theater of Operations. During the invasion of Normandy the Coast Guard suffered the highest casualty rate, more than any other branch of the military. Remember all of those landing crafts, going back and forth were piloted by Coasties. The Coast Guard also served during the Korean War, especially during the Inchon landing. During Vietnam, the U.S. Navy was looking for small boat handlers to go into inland waterways, very dangerous duty. Enter Coast Guard Goatswains mates. The Coast Guard also supplied divers to check and maintain

underwater security nets.

Currently in our ongoing war on terrorism the Coast Guard performs security screening for our naval vessels. The Coast Guard also has tactical counter terrorism units to fight terrorism on our shipping including cruise ships.

Back home, the Coast Guard is called upon every day to save lives and protect property.

So the next time we honor the military, let's not forget the United States Coast Guard.

Semper Paratus,
Mike Healy

NJ Vets Tax Exemption

Dear Mike (Tutrone):

Thank you for all you do for the Retirees Association. I want to let my fellow retired veterans who live in New Jersey know that we get a \$250.00 property tax exemption every year. I've talked to a number of veterans who don't know about this. One would have to go to the website for the NJ Division of Taxation to file for this exemption (<http://www.state.nj.us/treasury/taxation/military/vetexemption.shtml>).

With Respect,
Bill Cotov
Retired Local 100 Executive Board

Retired Vice President Gil Rodriguez Passes

Former Local 100 MaBSTOA Vice President Gil Rodriguez, a long-time member of the TWU Local 100 Retirees Association, passed away on Oct. 20, 2018 while vacationing in Santo Domingo. Brother Rodriguez had battle heart disease for more than 15 years.

He retired in 2002 after a long career of service to Local 100 including Vice Chair of Hudson Pier, Depot, Safety Representative, Staff Representative and Vice President from 1996 until his retirement. He also served as elected Vice President of the International Union. He was 76 years old, and lived in Marco Island, FL at the time

of his passing.

Local 100 President Tony Utano,

a long-time colleague of Brother Rodriguez, said: "Gil Rodriguez devoted his entire working life to the Local 100 membership. He fought hard at every level for his members. He never allowed anyone to disrespect this union or a Local 100 member. Gil enjoyed

the fruits of his labor for nearly 16 years in retirement, but he remained close to the Union as part of the TWU Local 100 Retirees Association. I would like to extend my deepest condolences to his family and many friends throughout TWU."

Brother Rodriguez is survived by his

For TA & OA Retirees:

What is Cost-of-Living Adjustment (COLA)?

Cost-of-Living Adjustment (COLA) is a permanent annual increase to your retirement benefit that is based on the cost-of-living index. Included in your monthly benefit (**when you become eligible**), it's designed to address inflation as it occurs.

How COLA is Determined

COLA payments, subject to pension caps and limitations, equal 50 percent of the previous year's annual rate of inflation, but never less than 1 percent or more than 3 percent of your benefit. The adjustment percentage is applied up to the first \$18,000 of your Single Life Allowance (or the actual amount of your benefit, if less), even if you selected a different option at retirement. Once COLA payments begin, they continue automatically and you will receive an increase to your monthly benefit each September.

This Year's COLA Increase

The September 2018 COLA equals 1.2 percent, for a maximum annual increase of \$216.00, or \$18.00 per month before taxes.

Eligibility

To begin receiving COLA payments, you must be:

- Age 62 or older and retired for five or more years; or
- Age 55 or older and retired for ten or more years (uniformed employees such as police officers, firefighters and correction officers covered by a special plan that allows for retirement, regardless of age, after a specific number of years); or
- A disability retiree for five years; or
- The spouse of a deceased retiree receiving a lifetime benefit under an option elected by the retiree at retirement. An eligible spouse is entitled to one-half the COLA amount that would have been paid to the retiree when the retiree would have met the eligibility criteria; or
- A beneficiary receiving the accidental death benefit for five or more years on behalf of a deceased Retirement System

RETIREE BENEFITS

Join the TWU Retirees Association: Stay in Touch & Get Great Benefits

For \$50 a year, (and a total of \$85 for yourself and your spouse), membership in the Local 100 Retirees' Association gives you invitations to our membership meetings and all kinds of special events and social gatherings.

The Hospital and Medical Protection Plan is also a benefit of membership, and provides insurance coverage for your entire family (spouse and unmarried children from 1 month to 19 years old) who reside with you for certain medical costs. It also pays a weekly cash benefit if you are hospitalized or if you have to convalesce after hospitalization. These benefits are provided regardless of medical history.

We have negotiated great dental and vision benefits as well, for members, at a small additional cost.

Here's the application – all you have to do is clip it & mail it in with your check.

TWU RETIREES MEMBERSHIP APPLICATION

1. Complete the enrollment form on right.

2. Make check or money order payable to:

TWU Local 100 Retirees Association
