The cumulative total number of ballot packets received was 12,032.

One Thousand Seven Hundred Eighty-Six (1,786) ballots were returned to the Administrator by the Post Office prior to the reception deadline due to a bad address.

The Administrator set aside ballot packets that were challenged by the Local 100 Elections Committee. All challenges were ruled on, or remained unresolved as they would not be determinative in the corresponding offices represented on the ballot. The unresolved challenges are broken down as follows:

37 Not on list (Voters determined by Local 100 to be ineligible)

26 No ID (No identification of the voter appeared on the envelope)

6 Dropped off in-person (Ballots MUST be received through mail per voting instructions on ballot)

4 Duplicate and original ballots received (Later postmarked/received ballot counted)

60 Misc. (Only General Offices counted as the eligible voter sent the wrong ballot type assigned)*

*There were an additional eight (8) in this category not counted at all

Four (4) ballot packets contained no ballot inside after opening. One (1) ballot packet contained two (2) ballots and was deemed void.

Ballots were tabulated at the New York Marriott at the Brooklyn Bridge located at 333 Adams St, Brooklyn, NY 11201 on Thursday, December 6, 2018, with a scheduled start time of 9:00 AM in the presence of the Elections Committee and its counsel, the Neutral Monitor, and observers. The secrecy of the ballots was maintained at all times. The results are certified to be as follows:
