

TWU Local 100 Elections Committee Final Eligibility Report

Pursuant to the Election Rules, Nominating Petitions were due back by 5:00 P.M. Monday, October 24, 2022.

In all, 24 petitions were filed with approximately 916 signatures, by two independent candidates. The candidates or their authorized representatives had two days to review the Petitions and make whatever written objections they wished to make by close of business Wednesday, October 26, 2022. No objections were filed. All duplication and other signature verifications were made as set forth below.

Processing then began. First the total number of signatures on the submitted Petitions were counted. Those numbers are included in the “Submitted” column below.

Second, all clearly legible pass numbers and/or social security numbers were entered into a computer system. Where a signature was difficult to read, and the pass number indicated a name that bore some relationship to the signature, the signature was counted and the name was entered. The number of names able to be found in the database (without regard to duplication, good standing, wrong division, etc.) is set forth below as the “Potentially Valid” number.

Next, duplicates were deducted (this is where one person signs a petition for the same candidate two or more times). Then, all Petitions were checked against the Union’s current database of active good standing members (active members who do not owe dues). The signatures of members in bad standing or persons who are not active members were deducted. If someone signed in a Division or Department in which s/he did not work, that signature was deducted. This left the number of “Total Valid” signatures, listed below.

In the Report below we set forth the total number of signatures submitted for each candidate, the signatures remaining after all illegibles were eliminated (“Potentially Valid”), and the total number of valid signatures remaining after deductions were made (“Total Valid”). Both candidates submitted enough valid signatures to be placed on the ballot for the position for which they were nominated.

The Independent candidates will be placed on the ballot ranked by the number of valid signatures as set forth below.

Any member who wishes to contest any determination of the Elections Committee made in this Report has 48 hours from the date of this Report to appeal to the Neutral Monitor.
