The National September 11 memorial and museum

—Registry necessary for receiving your TWU recognition commemorative pin—

- visit the 9/11 museum website at: <http://www.911memorial.org/museum>
- Join the museum registry at <http://www.911memorial.org/rescue-recovery-workers>
- After joining the museum registry you will be able to get free tickets for admission to the museum (normally \$24.00)

We have already lost people from 9/11. REM Pete Foley, Director of Bargaining Unit Protection, passed in 2012. He served at the pile for weeks. His death was caused by a condition that has been linked to respiratory difficulties brought on by service at Ground Zero. Conductor Jimmy Willis, also a Safety Officer for TWU Local 100, died this year. He also served for weeks on the pile, and his health conditions were accepted as 9/11 related under the Zadroga Act.

If you have photos which we could scan to add to the historical record of the WTC disaster, please contact TWU Local 100 Communications at communications@twulocal100.org. You can also email your photos to the same address. Or, come to the union hall with your photos and we will scan them and return them to you forthwith.

September 11th
Victim Compensation Fund

List of WTC-Related Cancers

Head & Neck

- Malignant neoplasm of lip
- Malignant neoplasm of base of tongue
- Malignant neoplasm of other and unspecified parts of tongue
- Malignant neoplasm of parotid gland
- Malignant neoplasm of other and unspecified major salivary glands
- Malignant neoplasm of floor of mouth
- Malignant neoplasm of gum
- Malignant neoplasm of palate
- Malignant neoplasm of other and unspecified parts of mouth
- Malignant neoplasm of tonsil
- Malignant neoplasm of oropharynx
- Malignant neoplasm of nasopharynx
- Malignant neoplasm of piriform sinus
- Malignant neoplasm of the hypopharynx
- Malignant neoplasm of other and ill-defined conditions in the lip, oral cavity and pharynx
- Malignant neoplasms of nasal cavity
- Malignant neoplasm of accessory sinuses
- Malignant neoplasm of the larynx

Mesothelioma

Prostate Cancer

Soft Tissue

- Malignant neoplasm of peripheral nerves and autonomic nervous system
- Malignant neoplasm of other connective and soft tissue

Skin (Non Melanoma)

- Other malignant neoplasms of skin
- Scrotum

Melanoma

- Malignant melanoma of skin

Digestive System

- Malignant neoplasm of the esophagus
- Malignant neoplasm of the stomach
- Malignant neoplasm of the colon
- Malignant neoplasm of rectosigmoid junction
- Malignant neoplasm of the rectum
- Malignant neoplasm of other and ill-defined digestive organs
- Malignant neoplasm of the liver and intrahepatic bile ducts
- Malignant neoplasms of retroperitoneum and peritoneum

Respiratory System

- Malignant neoplasms of the trachea
- Malignant neoplasm of bronchus and lung
- Malignant neoplasm of heart, mediastinum and pleura
- Malignant neoplasm of other and ill-defined sites in the respiratory system and intrathoracic organs

Rare Cancers – defined as

"any type of cancer that occurs in less than 15 cases per 100,000 persons per year in the United States." Some examples of cancer that meet the "rare cancer" definition include, but are not limited to, the following:

- Malignant neoplasm of the testis
- Neuroendocrine malignancies
- Malignant neoplasm of the male breast
- Malignant neoplasm of the gallbladder/biliary tract
- Malignant neoplasm of the small intestine
- Malignant neoplasm of the thymus
- Malignant neoplasm of the central nervous system
- Malignant neoplasm of the adrenal gland
- gastrointestinal stromal malignancies
- Malignant neoplasm of the penis

Female Reproductive Organs

- Malignant neoplasm of ovary

Urinary System

- Malignant neoplasm of bladder
- Malignant neoplasm of the kidney except renal pelvis
- Malignant neoplasm of renal pelvis
- Malignant neoplasm of ureter
- Malignant neoplasm of other and unspecified urinary organs

Eye & Orbit

- Malignant neoplasms of eye and adnexa

Thyroid

- Malignant neoplasm of thyroid gland

Blood & Lymphoid Tissue

- Hodgkin's disease
- Follicular (nodular) non-Hodgkin lymphoma
- Diffuse non-Hodgkin lymphoma
- Peripheral and cutaneous T-cell lymphomas
- Other and unspecified types of non-Hodgkin lymphoma
- Malignant immunoproliferative diseases
- Multiple myeloma and malignant plasma cell neoplasms
- Lymphoid leukemia
- Myeloid leukemia
- Monocytic leukemia
- Other leukemias of specified cell type
- Leukemia of unspecified cell type
- Myeloid malignancies
- Other and unspecified malignant neoplasms of lymphoid, hematopoietic and related tissue

Childhood Cancers – defined as "any type of cancer diagnosed in a person less than 20 years of age."

Breast

Malignant neoplasm of breast

Newly Added Cancers

Pancreas, Cervix Uteri, Testicular and Brain.

List of Eligible Non-Cancer Injuries and Maximum time interval from exposure

(exposure is between 9/11/01 and 5/30/02)

1. Obstructive airways diseases (OADs) - Maximum Time Interval is 5 years from exposure.
 - Chronic respiratory disorder (fumes/vapors)
 - Asthma
 - Reactive airways dysfunction syndrome (RADS)
 - WTC-exacerbated chronic obstructive pulmonary disease
 - Chronic cough syndrome
2. Upper respiratory diseases (URDs) - Maximum Time Interval is 5 years from exposure.
 - Upper airway hyperreactivity
 - Chronic rhinosinusitis
 - Chronic nasopharyngitis
 - Chronic laryngitis
3. All types of interstitial lung disease (ILDs) - No Maximum Time Interval.
 - Pulmonary Fibrosis
 - Sarcoidosis
 - Asbestosis
 - Silicosis
4. Co-occurring Gastroesophageal reflux disease (GERD)
 - (GERD co-occurring with an aerodigestive disorder in Category I, II, or III) -Maximum Time Interval is 5 years.
5. Isolated GERD
 - (GERD not occurring with an aerodigestive disorder) - Maximum Time Interval is 1 year.
6. Sleep Apnea associated with any other aerodigestive disorder otherwise qualified -No Maximum Time Interval.
7. Disorders of the Musculoskeletal System, including carpal tunnel syndrome - Must have received treatment before September 11, 2003.

The 911 TWU Local 100 Recognition Medal

These Medals will be awarded to eligible TWU Local 100 members who were injured or are afflicted with an illness as a result of their service at Ground Zero.

(Actual Size)

Kreindler & Kreindler, the law firm that has helped TWU members more than any other, is contributing toward the cost of these medallions, made by Medallic Arts, the nation's premier maker of military and governmental medals, including the Pulitzer Prize and The Medal of Honor.

(Actual Size)

This Participation pin will be awarded to all members who contributed to rescue and recovery efforts as stated in our questionnaire and who register with the 9/11 Memorial Museum.
