THE TRANSIT LOCK BOX BILL

(A.6766 / S.4257)

WHAT? Did you know that using mass transit cuts greenhouse gases by as much as 75% over the use of passenger cars? That a family using mass transit instead of a car saves an average of \$9,293 each year?

WHY? Because mass transit in New York State keeps getting cut, by diverting funding originally intended for transit to other "budget items."

WHO? Even though money is allocated for transit, it can be stolen by the Governor at the stroke of a pen. Spitzer took \$160 million and Cuomo has already taken \$100 million from mass transit funds.

ACT NOW: Call your legislator at 518-455-4100 (Assembly) and 518-455-2800 (Senate) and tell him or her to co-sponsor A.6766 / S.4257. Tell them why it's important for you – and for the environment!
