

# MTA Seniority List Screw-up Corrected by TWU Local 100

A Joint Statement from MaBSTOA and TA Surface

TA Surface VP JP Patafio

MaBSTOA VP Donald Yates

**SEPTEMBER 28** — TWU Local 100 investigated complaints from TA and OA members that their seniority was violated and they were picking out of place. Union officers found inconsistencies and demanded management quantify the problem and take corrective action.

An audit revealed that 270 members hired between January 2020 and April of 2022 were impacted by this mistake. MTA Human Resources made errors by combining Test Lists and sending flawed List to Zerega.

*There were only 2 things to do: leave it alone or fix it.*

We chose to have it fixed. The seniority has been corrected for the 2023 Consolidated Pick. There will be officers present at Tuskegee Depot and East New York Depot to answer questions.
