

Remembrance for Louis Gray

January 11, 2017

7:00pm

Corner of Beverley and Church (Pedestrian walkway across from Walgreens)

It was just two months ago that Conductor/Flagger Louis Gray was killed on the Tracks, and his partner, Jeffrey Fleming, was seriously injured.

The union has aggressively addressed the safety issues brought to light by this tragedy.

But we can not allow these safety changes alone to be the end of it.

Jeffrey Fleming (with walker) consoles Louis Gray's family at the wake. Fleming was seriously injured in the tragedy that took Brother Gray's life.

Please turn out to honor our fallen brother, Louis Gray, and to demonstrate to the public that transit workers put their lives on the line every day to keep our City moving. And finally, to send an unmistakable message to the MTA that our contract must reflect his and all transit workers' daily sacrifices for this job.

City Council Member Brad Lander will be attending.
