

Dear Riders, your transit service has been HIJACKED – by the MTA!

They've cut service and fired workers,
even though they had federal stimulus money
available all along to pay operating expenses.
The short-changing of mass transit must end!

Sick of the service cuts? Had it with the overcrowding?
Tired of no security in our stations?

Help Us Take On the MTA!

***Come to the July 13/14 MTA
Public Hearings on Service Cuts
and Booth Closings!***

Let Them Hear From You!
