Re: Tier 6 Member Contribution Calculation - NYCERS Plan Years 2012-2021

## FOR YOUR INFORMATION - NO ACTION REQUIRED

Dear [REDACTED],

As a Tier 6 member of the New York City Employees' Retirement System ("NYCERS"), you are required to pay contributions (plus interest for late payments) for all your pensionable earnings. As your pensionable earnings change, your contribution rate changes. Pensionable earnings also include overtime wages up to a maximum amount. In addition, pensionable earnings cannot exceed the Governor's salary.

The MTA recently conducted a review of the contribution calculations of MTA Tier 6 NYCERS participants for the plan years 2012 to 2021. Upon completion of the review, your pension contributions for this period have met the requirements. **No further action is required on your part.**

Enclosed is a summary of the data used in the contribution calculations for the plan years 2012 to 2021. Contributions after 2021 are not reflected in this analysis. Any future periods will be subject to further analysis and correction, if necessary.

The MTA's Consulting Actuary, Milliman, was retained to review the data and calculations and to provide an online database where active employees can access more information. For access, sign on to **My MTA Portal** ([www.mymta.info](http://www.mymta.info)) with your BSC ID and password, and click **My Benefits**; next, click the tile labeled **Tier 6 Member Contribution Calculation**.

For support with any questions you may have about this process, we are also enclosing a **Frequently Asked Questions** document and a **Glossary of Terms**. If you need additional assistance, please contact the MTA Business Service Center at 646-376-0123, Monday-Friday, 8:30 a.m. to 5:00 p.m.

Sincerely,

MTA People Department
