CHARLES JENKINS

DIRECTOR

TUF has made accessing our course catalogs easier. By scanning a **QR code**, you gain access to the numerous courses offered; be it mornings, evenings, in-person or online, made to fit your schedule, at little to no cost for TA, OA, and MTA bus Local 100 members.

Education being one of the most powerful weapons to success; TUF's primary goal is to help you achieve greater heights, regardless of where you began or your current title.

I hope you take advantage and develop a passion for learning new skills and broaden your knowledge to a point that will give you the opportunity to grow or make a career change, as so many members are doing, including our 2nd Elevate morning class of 15. Join me in congratulating them on pg. 14.

As Sydney Hams said, "The purpose of education is to turn mirrors to windows! Learn, Excel, and become the best you can be!

I look forward to meeting you at the doors of success.

NEW - TUF has created a **Skill Enhancement Program** to boost the skills of members such as Track Workers and Transit Electric Helpers. This program will help prepare you for a "Maintainer" exam

Upward Advancement Apprenticeship Program continues to be one of TUF's highly sought after programs established to give non-technical, entry level titles - traffic checkers, cleaners, and TPPAs an opportunity to qualify for some of NYCT's highest paying roles. It provides a career track for men and women to acquire a new skill in just 6 months, followed by a 3-year apprenticeship program. For more information see page 10.

E.L.E.V.A.T.E. is a 7-month program created for the non-skilled workforce to gain a new skill and qualify for the Transit Electrical Exam. This program was created due to the demands of the Transit Authority concerning Capital construction, subway infrastructure and the retiring workforce. For more information see page 8.

It is never too late to become what you dream of! Take advantage of TUF's **Tuition Reimbursement program**. This program provides up to \$4,000 per academic calendar year while you obtain a higher education.

Tutor.com is an under-utilized benefit for you and your children, designed to help enhance education. Do not miss the opportunity to help your children be at the top of their class. See page 12 for more information

Do you want to become among the men and women that move New York? The **Transit Certificate Program** may be the program for you. Visit page 9 for more information.

MISSION STATEMENT

The TWU Local 100 - NYCT Training & Upgrading Fund (TUF) offers continuous education and training to dedicated public transit workers who operate and maintain the largest system in the nation. It aims to enhance individual employability, growth, and opportunity. As the world moves to a new age, the Fund will help ensure workers keep up with emerging technology. TUF gives members opportunities to remain highly skilled, thus providing the best possible service and maximizing the value of the public investment in transportation.

ELIGIBILITY

Eligibility for TUF benefits depends upon the particular collective bargaining agreement or participation agreement covering your employment. You are eligible to participate in TUF as soon as you become a Member of TWU Local 100 and an employee of a participating employer.

Limited classes are available for Retirees.

YOU ARE INELIGIBLE:

- When you resign or are terminated from your position
- You are no longer an active member of TWU Local 100
- Your employer terminates its participation in the Plan
- The date the plan is terminated

NON-DISCRIMINATION POLICY

Eligible members of any race, color, national, or ethnic origin to all rights, privileges, and activities generally accorded or made available to members of the Fund. It does not discriminate on the basis of race, color, sexual orientation, national, or ethnic origin in administration of its educational policies and other Fund administered programs.

REGISTRATION

Every eligible member will have an equal opportunity to register for courses. Enrollment is done on a first come, first served basis for courses listed in this catalog.

FOSTERING AN ENVIRONMENT FOR LEARNING

Members who take classes with TUF are hardworking people who are making big commitments to enhance their personal and professional development. The Classroom Rules and Regulations regarding the logistics and expectations of members will be distributed at the beginning of each class. Members are expected to read the rules and regulations, but also show their fellow classmates the respect they deserve by following the rules.

ATTENDANCE POLICY

Regular attendance is mandatory. Depending on the length of your class, no more than three (3) absences are allowed for a certificate of completion. If you are more than one (1) hour late to any of your classes, you will be marked absent for the day and it will count towards your total allowable absences for the course. Attendance requirements will be discussed further in detail in your class.

CLASS PREREQUISITES

Prior to enrollment, prerequisite classes maybe required, while others require you to have basic reading and math skills. If necessary, there will be an assessment test given upon registration. If the class has a prerequisite, it will be noted within the course description.

EMERGENCY CLOSINGS

To find out if classes are canceled in the event of a weather emergency or other unsafe conditions, call 718-780-8700 or check our website at www.twulocal100tuf.org for the latest information.

Please make sure that the Training & Upgrading Fund has your most current contact information on file.

**EXPRESS
TRACK TO
THE NEXT
LEVEL**

Calling Non-skilled Titles! *Coming to Brooklyn 2023*

Are you ready to
ELEVATE
Yourself

Entry Level Employee Vocational & Training Enhancement

Due to the demands of the Transit Authority concerning Capital Construction, Subway Infrastructure, and the retiring workforce; the Training and Upgrading Fund, in partnership with the Electrical Training Center created the Elevate program.

ELEVATE is a 7-month program designed to provide members in non-skilled titles, gain a new skill. This program provides theoretical and practical training in electrical.

Members will attend a trade school on his or her own time while still working, and the educational expense will be fully covered by the Training & Upgrading Fund.

After completion of the program, members may qualify for the Civil Service Test - Transit Electrical Helper exam. This may afford promotion opportunities to a maintainer after 1 year of service.

**Don't let this opportunity pass you by!!
For more information contact TUF at 718-780-8700 or
visit our website at www.twulocal100tuf.org.**

CAREER ADVANCEMENT ON THE FAST TRACK

Transit Certificate Program

The Transit Certificate Program gives civil service members the opportunity to become eligible to take the promotion to Train Operator exam. Members can earn up to 14 college credits toward a degree of their choice at CUNY School of Labor and Urban Studies Institute upon successfully completing the four courses below:

- **An Overview of Transit (3 College Credits) - 15 weeks**
- **Workers, Health, & Safety (3 College Credits) - 15 weeks**
- **Urban Studies Field Work - Train Operator (4 College Credit) - 16 weeks**
- **Urban Studies in Electronics - (4 College Credits) - 15 weeks (NEW)**

Members interested in the TCP Program will be required to take a TABE Assessment test prior to entering these courses. Please check with your school to make sure that they will accept these credits.

Please note: MaBSTOA employees are NOT eligible to be promoted into Civil Service titles. However, they can take the classes to earn college credits.

**For more information contact TUF at 718-780-8700 or
Visit our website at www.twulocal100tuf.org**

UPWARD ADVANCEMENT APPRENTICESHIP PROGRAM

The Upward Advancement Apprenticeship Program is a trade focused program that allows TWU Local 100 members in non-skilled titles to learn a hands-on skill in Electrical or Construction.

TUF's Upward Advancement Apprenticeship Program in construction and/or electrical trades offer a pathway to better paying careers. The Upward Advancement Apprenticeship Program signifies the success of a pledge; to create an in-house career ladder, that focuses on our non-skilled work force, enabling men and women to acquire a skilled trade as they advance through a 6-month accredited trade school following a 3-year apprenticeship. TUF is not only committed to providing a pathway to obtain good jobs through the negotiation of solid union contracts. TUF is determined to help its members achieve the best during their career in Transit.

Eligibility Requirements:

- Must be a Cleaner, Traffic Checker or Transit Property Protection Agent
- Must have completed your probationary period with TA.
- Satisfactory attendance & disciplinary records with TA.
- Must be in good standing

For more information and to find out the dates for open enrollment, Visit www.twulocal100tuf.org or call 718-780-8700

MEMBER SUCCESS STORY

Albert Puckerin

I started working for NYC Transit in July of 2018 as a part-time Traffic Checker in the Csc department, posting Go's and working shuttle buses. This position was one of the most hands-on jobs I ever had, however I found my footing with the help of great coworkers and supervisors. As a Traffic Checker, I had two options; to move up through open competitive exams, put in for the cleaners promotion or try to get into programs Local 100 Training and Upgrading Fund offered its members.

After 3 years as a part-time traffic checker, and taking the CTA promotional exam, I became a CTA, however, this position was just a steppingstone for me. I had envisaged where I wanted to be. I knew with my strong will, dedication and the union's training & Upgrading Fund backing me up, I would get there.

Once my probation period was over, I started to make in-depth enquiries about programs the Training and Upgrading Fund had to offer. I learned from one of TUF's career coaches about the **Upward Advancement Apprenticeship Program**. As soon as the application period was open, I applied and started the 6-week mandatory Math and reading class, during the classes, the TUF career coach assisting me, informed me of the new **E.L.E.V.A.T.E. program** that was in the progress of starting its first class, which would put me in the right path to take the Electrical Helper exam, it was a new program back in 2020.

I was so excited to start, then COVID-19 hit, making the program come to a halt, however, I was not going to let that stop my journey to starting the career I wanted. Determined not to remain a cleaner, I decided to enroll into the Electrical training center's electrical program on my own and take advantage of TUF's **Tuition Reimbursement program**. I went to Copiague, Long Island and received electrical training to be qualified to take the Electrical Helper exam and move up within NYCT. I started taking classes in November 2019 and was very enthused at the chance to learn a trade.

I was traveling to Long Island in the morning and working in the afternoons. I would be lying if I said I was not having a great experience with my classmates and the great instructors within the school. With the onset of COVID-19 around that same time, things took a serious turn, but I pushed through and successfully completed the program in August 2020.

As soon as the exam for Electrical Helper was posted, I registered and took the exam in March 2022 and was offered a job in the Power department as a maintainer's helper which I started in October 2022. With the help of TUF's power maintainer prep classes, I believe I will soon become a maintainer.

TWU Local 100 - NYCT Training & Upgrading Fund believes in empowering our members with the academic skills necessary to excel in college and in our competitive workforce. The mission of TUF educational preparation is to help our members develop themselves as leaders through courses that focus on college level readiness. Our classes are designed to help members enter college and succeed. Learn more about the following classes to jump start your college experience.

Basic Math - Online Class

Basic Math will prepare members for the Transit Certificate Program (TCP), Upward Advancement Program and/or college level courses. Topics include addition, subtraction, multiplication, division, scientific measurements, algebra and much more.

Sessions: 15 (3 Hours)

Day: Tuesdays, 5:00 PM - 8:00 PM
2/14/2023 - 5/23/2023

Day: Fridays, 9:30 AM - 12:30 PM

ASL Level 2

Day: Mondays, 9:30 AM - 12:30 PM
2/13/2023 - 4/24/2023

Technical Math - Online Class

Technical Math is designed to prepare members to understand the mathematics terminology in electronics and/or electricity. This course can also help members prepare for any civil service exam. Topics include: Application of algebraic equations on Ohm's and Kirchoff's laws, solving for circuit resistance and reactions, relevant trigonometric functions, and use of graphs to analyze data.

Sessions: 15 (3 Hours)

Day: Thursdays, 5:00 PM - 8:00 PM
2/16/2023 - 5/25/2023

Introduction to Spanish Level 1 & 2 Online Class

Spanish Level 1 and 2 will prepare members to communicate effectively with customers of diverse communities. This can be a great benefit for any employer when dealing with public emergency situations and providing essential services. Members will learn reading and writing basic grammar tools, and conversational skills.

Sessions: 10 (3 Hours)

Spanish Level 1

Day: Thursdays, 5:30 PM - 8:30 PM
2/16/2023 - 4/20/2023

Spanish Level 2

Day: Tuesdays, 5:30 PM - 8:30 PM
2/14/2023 - 4/18/2023

Introduction to Computer Basics with Internet - On-site Class

This basic computer skills course will provide you with an understanding of the most popular, current technologies used at home and in the workplace. You will become computer literate in this hands-on course while you learn to access, create, save and manage documents, spreadsheets and emails and use the internet effectively. We demystify terminology and impart best practice skills for productive and secure use of hardware and software

Sessions: 10 (30 Hours)

Day: Thursdays, 5:30 PM - 8:30 PM

2/16/2023 - 4/20/2023

Microsoft Word Beginner - On-site Class

Turn boring documents into must-read material. You will learn how to create professional documents such as letters, reports, memos etc., Through formatting tools, themes, designs, and sharing features.

Sessions: 10 (30 Hours)

Day: Wednesdays, 5:30 PM - 8:30 PM

2/15/2023 - 4/19/2023

Microsoft Excel Beginner - On-site Class

Turn unorganized data into useful information. Excel is Microsoft's popular spreadsheet application. Topics include entering data and formulas, moving and copying data, and formatting and previewing worksheets.

Sessions: 10 (30 Hours)

Day: Mondays, 5:30 PM - 8:30 PM

2/13/2023 - 4/24/2023

TWU Local 100 Members

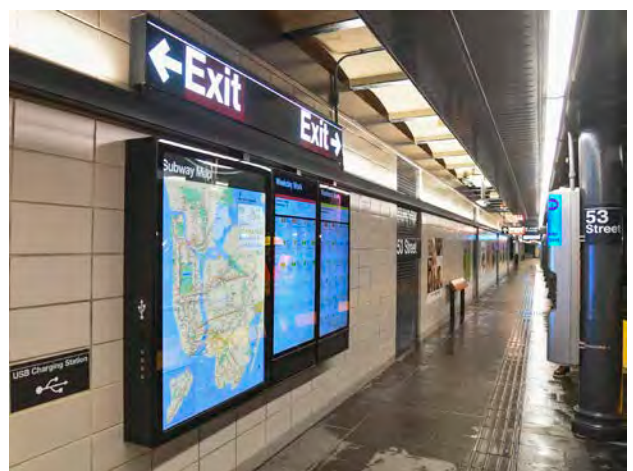

Information moves a mile a minute, thanks to non-stop developments in technology with-in NYC Transit. As information technology grows, so do careers and learning opportunities. Be one of many to keep up with this industry as NYC Transit adopts new and updated technology, such as countdown clocks, station intercoms, passenger kiosks, wireless, cellular network connections digital ads, Bluetooth-based clock system and contactless payments and so on.

Are you interested in titles such as Telecommunications, Computer Specialist, Computer Analyst, or Revenue Equipment Maintainer. If so, then this certification career track can get you started.

A+, Network+, Security+

IT builds skills in computer hardware and operating systems, including installation and support, troubleshooting, security, networking, mobile devices, operational procedures and much more.

- Learn the fundamentals of IT
- Learn how to build and manage a data network
- Understand how to troubleshoot networking issues
- Learn about routing and switching, risk assessment and data recovery
- Practice concepts that will prepare for exam certification

For more information visit our website at www.twulocal100tuf.org or call 718-780-8700

Electronics Level 1 - On-site Class

You will learn the basic fundamentals of electronics terminology and mathematical formulas which allow you to advance into other technical courses. Course content includes but is not limited to: Basic Electricity D.C. and A.C. Electronics Theory, Semiconductor Theory, and Solid State Theory.

***Math Assessment Required**

Sessions: 20 (3 Hours)

Day: Mondays & Tuesdays, 5:30 PM - 8:30 PM
2/13/2023 - 4/24/2023

Day: Wednesdays & Thursdays, 9:30 AM - 12:30 PM
2/15/2023 - 4/20/2023

Basic Electricity - Online Class

Members will learn basic electricity principles, how to understand electrical circuits, how to understand electrical drawings and symbols, generators and transformers, electric motors, electrical protection, and industrial wiring. In addition, they will learn about high voltage electrical safety.

***Math Assessment Required**

Sessions: 10 (3 Hours)

Day: Saturdays, 9:30 AM - 12:30 PM
2/11/2023 - 4/29/2023

Day: Wednesdays, 5:30 PM - 8:30 PM
2/15/2023 - 4/19/2023

Electricity - Troubleshooting - On-site Class

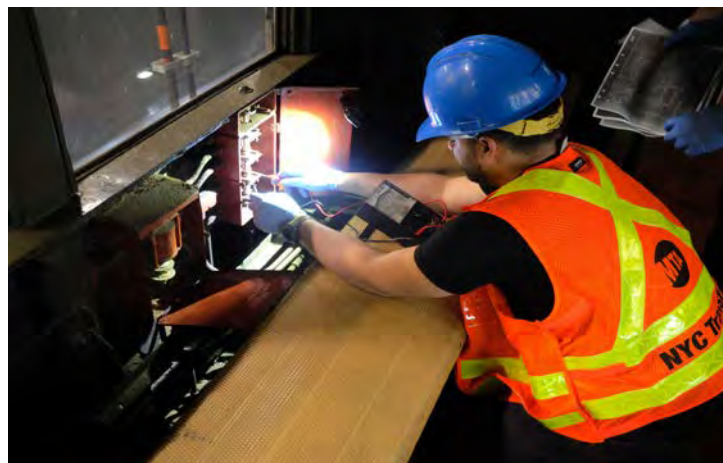

Members will learn electrical safety requirements during system installation and equipment maintenance, testing procedures, electrical testing on low voltage equipment, medium voltage equipment troubleshooting, remote instrumentation and on-line monitoring systems, grounding system maintenance and testing requirements, high voltage testing and troubleshooting, and power transformer troubleshooting.

***Prerequisite Required: Basic Electricity**

Sessions: 5 (3 Hours)

Day: Wednesdays, 5:30 PM - 8:30 PM
4/26/2023 - 5/24/2023

Day: Saturdays, 9:30 AM - 12:30 PM
5/6/2023 - 6/10/2023

***The Math Assessment test is required prior to the start of class. If you do not pass the test, you are required to take a basic math or technical math course before you can enter the Basic Electricity course. Contact TUF to schedule your test before arriving. Math Assessment Schedule is Monday through Friday: 9:00 AM to 4:00 PM; Saturday: Call for availability**

Schematics & Blueprint Reading - On-site Class

In this class members will learn to identify the symbols that are schematically and pictorially used to represent various electrical components in an electrical circuit. They will learn how to accurately read and trace out simple and complex schematic circuits. members will be able to apply their knowledge of electrical and electronics theory to make use of schematics and wire diagrams to perform basic troubleshooting skills.

Sessions: 10 (3 Hours)

Day: Wednesdays, 5:30 PM - 8:30 PM

2/15/2023 - 4/19/2023

CONSTRUCTION TRADES

Introduction to Construction Trades On-site Class

Construction Trades is a theory and hands-on three course program with instructor led demonstrations and lectures focusing on three main trades:

carpentry, masonry, and plumbing. The courses will introduce members to the process of construction from beginning to end. Topics covered will include blueprint reading, calculations, types of materials used, and the correct safety measurements. The courses will discuss and illustrate all safety procedures. Actual hands-on instruction will include:

- Hand tool & equipment for leveling, spreading and shaping concrete
- Creating a tool box out of wood
- Design and installation of standard plumbing systems

Sessions: 15 (3 Hours)

Day: Thursdays, 5:30 PM to 8:30 PM

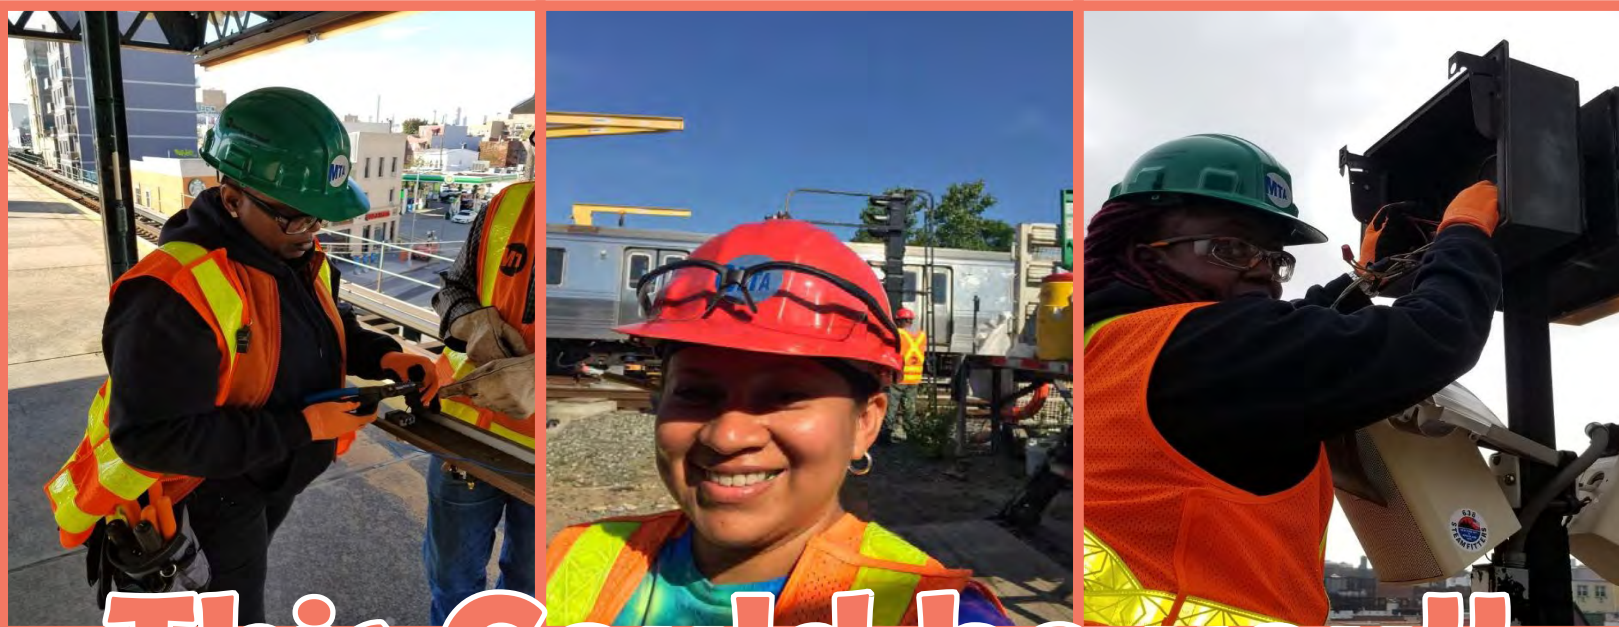

2/16/2023 - 5/25/2023

Day: Saturdays, 9:30 AM - 12:30 PM

2/11/2023 - 6/10/2023

NON-TRADITIONAL CAREER EXPLORATION FOR WOMEN WORKSHOP

This Could be you!!

**Trade jobs have no gender,
let TUF help you explore a new career path!!**

**For non-skilled women interested in skilled trades,
New York City Transit offers a lot of career opportunities.
Let TUF help you start the career you dreamed of.**

The Non-Traditional Career Exploration for Women workshop will give women who are interested in pursuing a career in a skilled trade the opportunity to learn from experienced women. This workshop will also prepare women to make decisions about their career path in NYC Transit. In order to better understand which titles may be the best fit for you, women will learn about a variety of different trades.

Are you interested in upgrading your career to one of these titles?

- Elevator & Escalator
- Light Maintainer
- Signal Maintainer
- Structure Maintainer

Sessions: 5 (3 Hours) - **On-Site Class**

Day: Tuesdays, 5:30 PM to 8:30 PM
3/7/2023 - 4/4/2023

Become a Certified Fiber Optics Technician!!

Certified Fiber Optics Technician On-Site Course

The introductory Fiber Optics course is designed for members interested in learning basic Fiber Optics networking. The program combines theory and hands-on activities to prepare members to take the CFOT (Certified Fiber Optics Technician) test. The course also introduces members to industry standards, basic fusion, and mechanical splicing. Members interested in becoming a CFOT should attend this class.

Prerequisite required: Electronics 1 or must have electronic knowledge and pass an assessment exam.

COURSES OFFERED

DIGITAL MULTI-METER - On-site Class

With Electrical & Electronics systems emerging in NYC Transit, maintainers need to be confident in their Multi-Meter skills. The Training & Upgrading Fund is proud to announce our new **Multi-Meter** quick course. TWU local 100 members wanting to build more skills in electrical or electronics within the New York City transit will benefit from this **2 days (3 Hours each day)** course. This course was developed for members to get the most out of their meters. Whether you use a multimeter for electrical, electronics, repairs, or troubleshooting, the information in this course will be helpful.

Sessions: 2 (3 Hours)

Day: Mondays, 5:30 PM - 8:30 PM
5/1/2023 & 5/8/2023

Day: Wednesdays, 9:30 AM - 12:30 PM
5/3/2023 & 5/10/2023

GROWTH & DEVELOPMENT

EFFECTIVE WRITING (G2) - Online Class

The Effective writing G2 course is designed to provide TWU Local 100 members with the writing skills training needed to help create documents. Documents like the G2 statements should be straight to the point and provide only information asked for. By taking this 2 days (3 Hours each day) quick course, members will be able to acquire the skills and language they need to write effectively. In most companies and organizations, the ability to write clearly and directly is highly valued. Members can better communicate their concerns through well-written reports.

Sessions: 2 (3 Hours)

Day: Mondays, 9:30 AM - 12:30 PM
3/6/2023 & 3/13/2023
5/1/2023 & 5/8/2023

Day: Mondays, 5:00 PM - 8:00 PM
3/6/2023 & 3/13/2023
5/1/2023 & 5/8/2023

RESUME WRITING - Online Class

The Training & Upgrading Fund is proud to announce our new virtual quick course **Resume Writing**. This course is designed to provide **TWU Local 100 members** with the writing skills training needed to help create professional resumes. A great resume speaks on your personal and professional strengths. This 2 days (3 Hours each day) course will provide members with the techniques to help construct your resume. Learn how to write a resume that will stand out and make employers take notice.

Sessions: 2 (3 Hours)

Day: Mondays, 9:30 AM - 12:30 PM
4/17/2023 - 4/24/2023

Day: Mondays, 5:00 PM - 8:00 PM

Virtual NYC/NEW JERSEY DEFENSIVE DRIVING Course

6-Hour Online Point & Insurance Reduction course

All Active NJ Licensed TWU Local 100 Members are eligible to participate!

- Defensive driving course may be used to remove two (2) points from driving records
- Defensive Driving course provides a minimum 5% reduction in the base rate of your liability, no-fault, and collision premiums. Some insurance companies offer more
- This course is free to Active TWU Local 100 members that are employed by NYC Transit, MaBSTOA and MTA Bus
- Refresh your driving knowledge and receive new tips on driving safely and car maintenance

Course must be completed within 7 days.

In order to take the class, you must have a valid email address and register with the Training & Upgrading Fund before taking the class. TUF will not be responsible for members who take the class on their own without registering with first!

On-site CPR/First Aid/AED Course

Our **hands-on CPR/First Aid/AED** course will prepare members to respond to a variety of emergencies for adults and children through lectures, interactive videos, emergency scenarios, and hands-on training.

You will learn to:

- Call for and work with EMS
- Care for a variety of emergencies such as burns, cuts and scrapes, sudden illness, head, neck, and back injuries, etc
- Care for conscious and unconscious victims
- Perform CPR and care for breathing and cardiac emergencies in adults and children
- Learn how to use automatic external defibrillator (AED)
- Gain confidence to act quickly and effectively in the face of an emergency

Once the course is completed, you will receive a CPR/First Aid/AED certification. You should get re-certified every two years.

Contact TUF at 718-780-8700 or training@twulocal100tuf.org for more information.
