

Solidarity Matters to Car Inspectors like Vinnie Napolitano

For TWU Local 100 **laid-off members like Vinnie Napolitano of Car Equipment**, the **Solidarity Fund** is coming in the nick of time. Vinnie has **cancer screenings** at Sloan Kettering that he would be unable to pay for. **He has prescription meds that must be covered.**

He was laid off in August because the union's leadership refused to sell our contract out. It wasn't Vinnie's fault. **Now we have to protect Vinnie and members like him** and that's why the membership of Local 100 voted for the Solidarity Fund.

Saying "NO" to opening up our contract saved our 3% raise. But it also made the Solidarity Fund necessary.
